

***Iowa Hall of Pride School Display Checklist***  
***(What your school display module needs to look completed)***

*By Marcia Meller*

---

*Each high school module is made up of several components. Each piece needs to be developed, submitted and approved electronically in order to appear in the Hall of Pride high school kiosk section. These will be touchscreen interactive displays within the Hall of Pride. They will not be live web sites.*

- In recent weeks some facilitators and administrators have asked about the status of copy for their school display.*
- What follows is a quick and easy checklist that can be used by facilitators to visually assess the status of display content.*
- Sign in at the [www. iowaschooldisplays.org](http://www.iowaschooldisplays.org) site. Locate the **Content Management** section found on the right side of the page. **Click the Content Overview link.***
- A color-coded **Progress Key** for all content appears. This key will indicate what each color represents in terms of the status for all copy. Look for the **green highlighting** that indicates an article is ***“Approved by Iowa Hall of Pride for Display”***.*
- Use the checklist to indicate which section(s) have been approved for your school.*
- If all items are marked, your school display is ready for the Hall of Pride opening.*
- Unmarked items need to be completed and submitted. When these items are completed your school display will have all the necessary pieces in place.*
